- Motorul de căutare avansată permite căutarea de documente, în funcție de diferite criterii. Pentru început, se vor completa câmpurile destinate cuvintelor-cheie, se vor crea legături între ele prin operatori logici, iar apoi se va selecta unul dintre criteriile după care se va face căutarea.
- Pentru a rafina căutarea, se va selecta şi un interval temporal 1 sau tipul de document dorit 2.
- Sus, în colțul din partea dreaptă, există și alte sugestii de căutare 3.

Lista de rezultate

Rezultatele căutării pot fi sortate după diferite criterii
 1. Pentru căutarea obținută, se poate crea o alertă 2.
 Prin selectarea articolelor de interes, se pot exporta totodată si referintele aferente lor 3.

- Pentru fiecare rezultat, se poate previzualiza rezumatul 4 sau se poate accesa textul integral 5 (în format PDF).
- În lista de rezultate se vor regăsi, evidențiate cu verde, cuvintele-cheie căutate, iar în dreptul fiecărui rezultat va fi afişat un indicator, cu următoarele semnificații:

8

Դ

Pagina dedicată articolului

De pe pagina de rezultate, printr-un **click** pe titlul unui articol, se va ajunge la pagina dedicată acestuia.

- Accesul la articolul integral, în format PDF 1.
- Exportul referinței, în format BibTEX, Endnote, RefWorks 2.

Creare cont personal

Pentru a beneficia de posibilitatea urmăririi parcursurilor de căutare sau de crearea unui profil de cercetător IEEE, trebuie activat un cont personal, din tab-ul "Create Account" 1. La apariția casetei, se selectează "Create Account" 2 și se completează formularul 3. Completarea formularului trebuie finalizată prin apăsarea butonului "Create Account", iar astfel contul personal devine activ 4.
